

HEAD AND NECK STEEPLECHASE

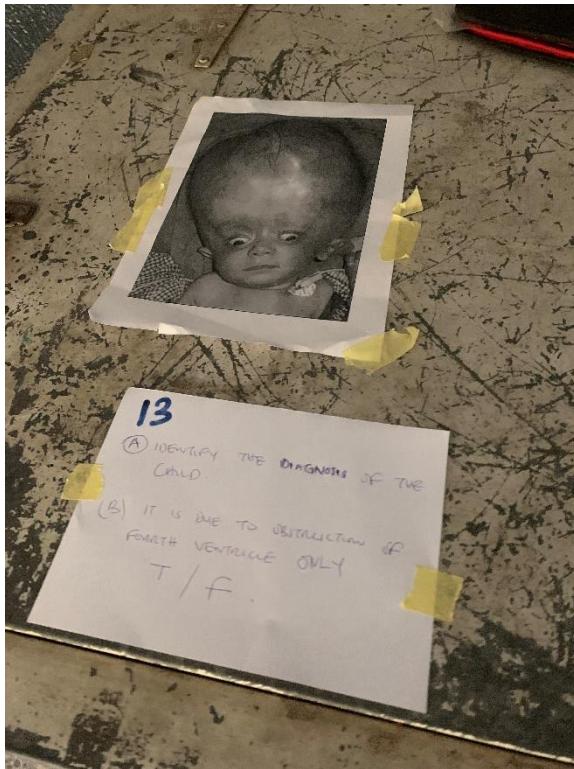

- A. Identify the probed space (Foramen Caecum)
- B. The line painted pink relates to (Superior petrosal sinus)

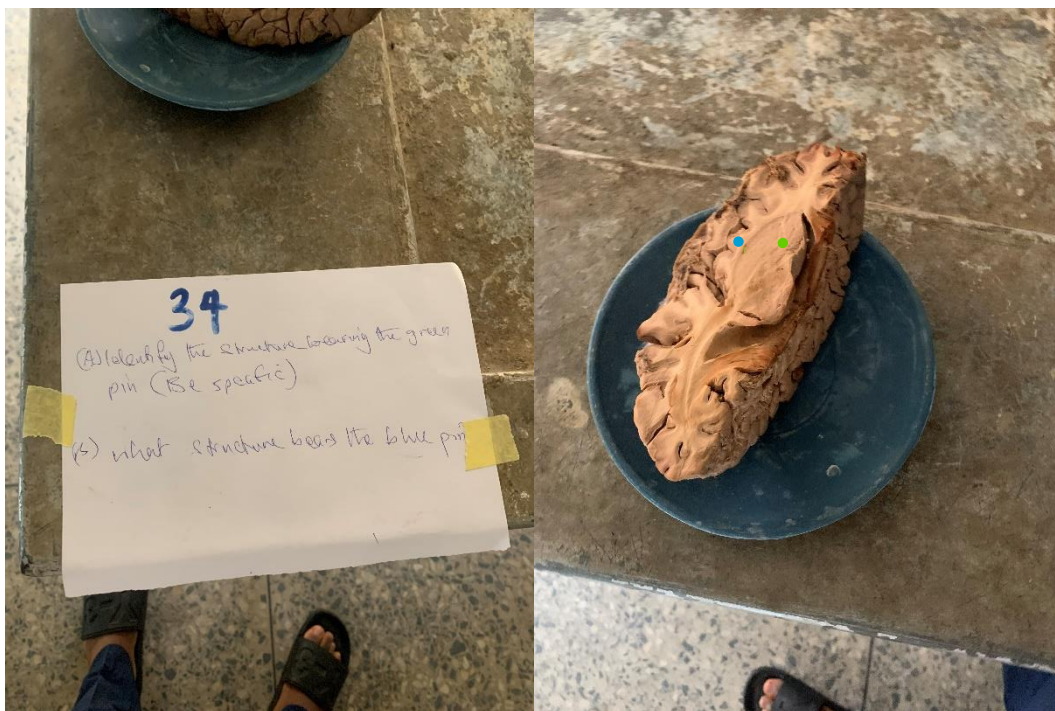

- A. Identify the probed space (Hypoglossal canal)
- B. The area painted pink relates to what? (Sigmoid sinus)

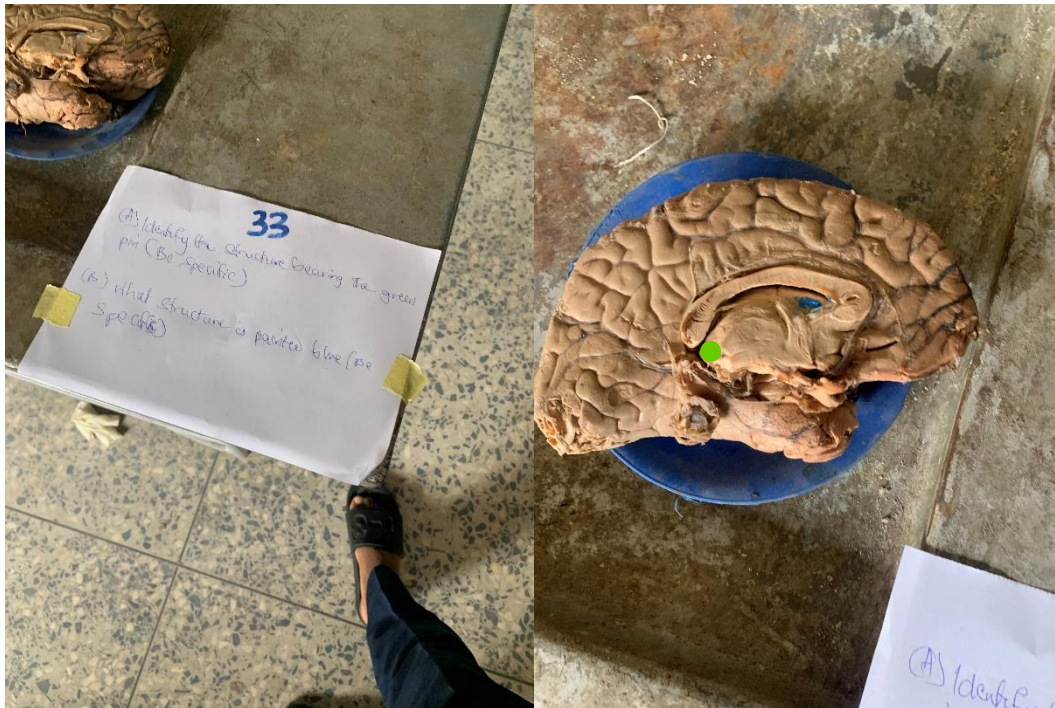

Ans;

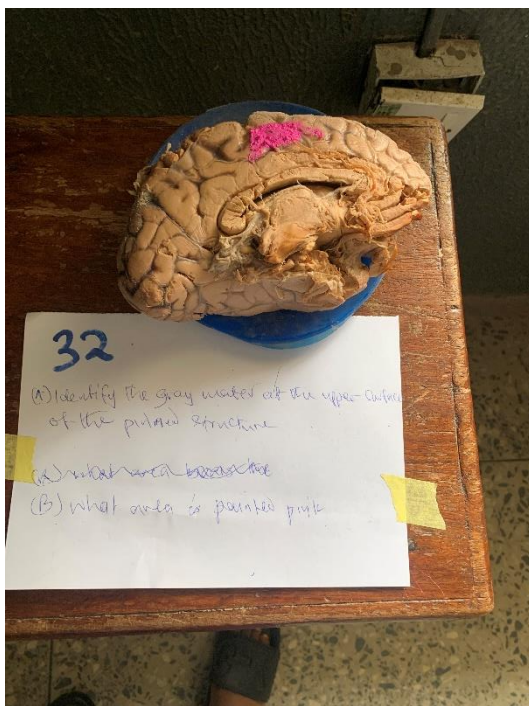

A. IDENTIFY THE DIAGNOSIS OF THE CHILD
(Hydrocephalus) B. IT IS DUE TO OBSTRUCTION OF 4TH VENTRICLE ONLY (false)

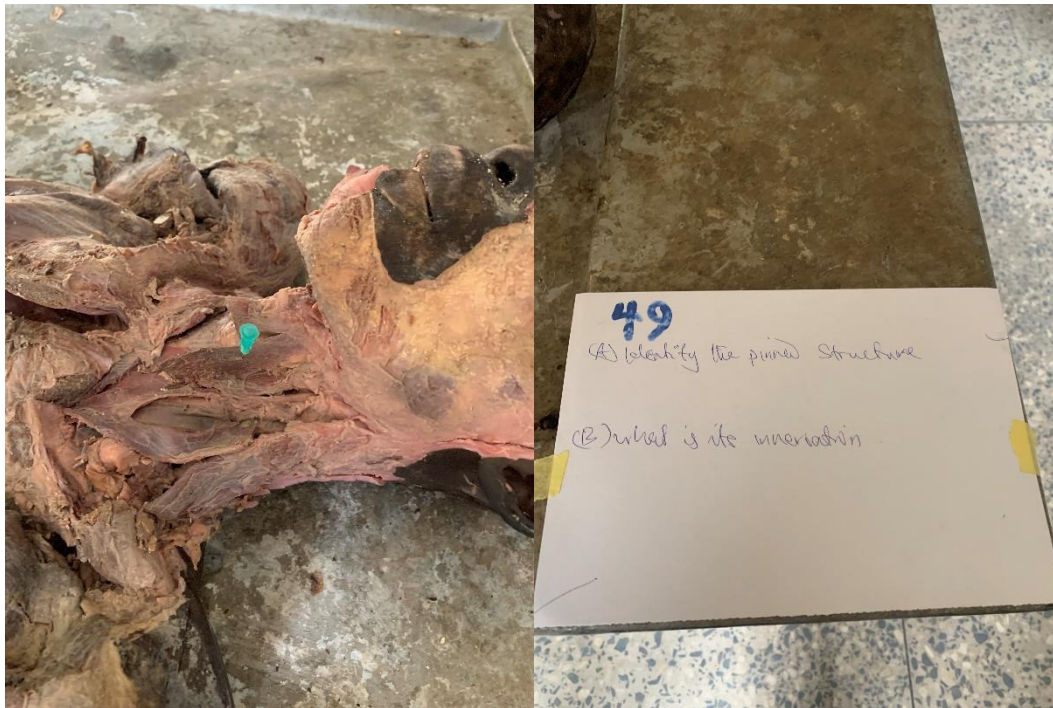

- A. IDENTIFY THE STRUCTURE BEARING THE GREEN PIN (BE SPECIFIC) (Genu of internal capsule)
B. WHAT STRUCTURE BEARS THE BLUE PIN (Extreme capsule).

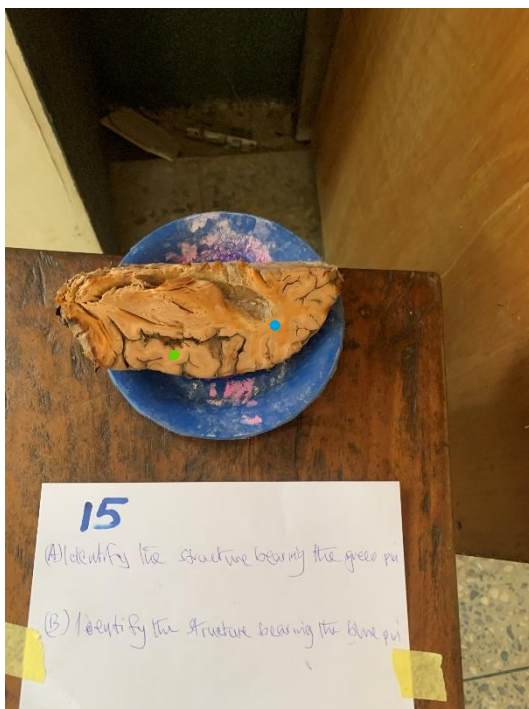

- A. IDENTIFY THE STRUCTURE BEARING GREEN PIN (BE SPECIFIC) (Pulvinar of thalamus).
- B. WHAT STRUCTURE IS PAINTED BLUE (BE SPECIFIC) (Head of caudate nucleus)

- A. IDENTIFY THE GRAY MATTER AT THE UPPER SURFACE OF THE PINNED STRUCTURE (Indusium Griseum)
- B. WHAT AREA IS PAINTED PINK (Paracentral lobule)

- A. IDENTIFY THE PINNED STRUCTURE (Sternohyoid)
- B. WHAT IS THE INNERVATION (Ansa cervicalis)

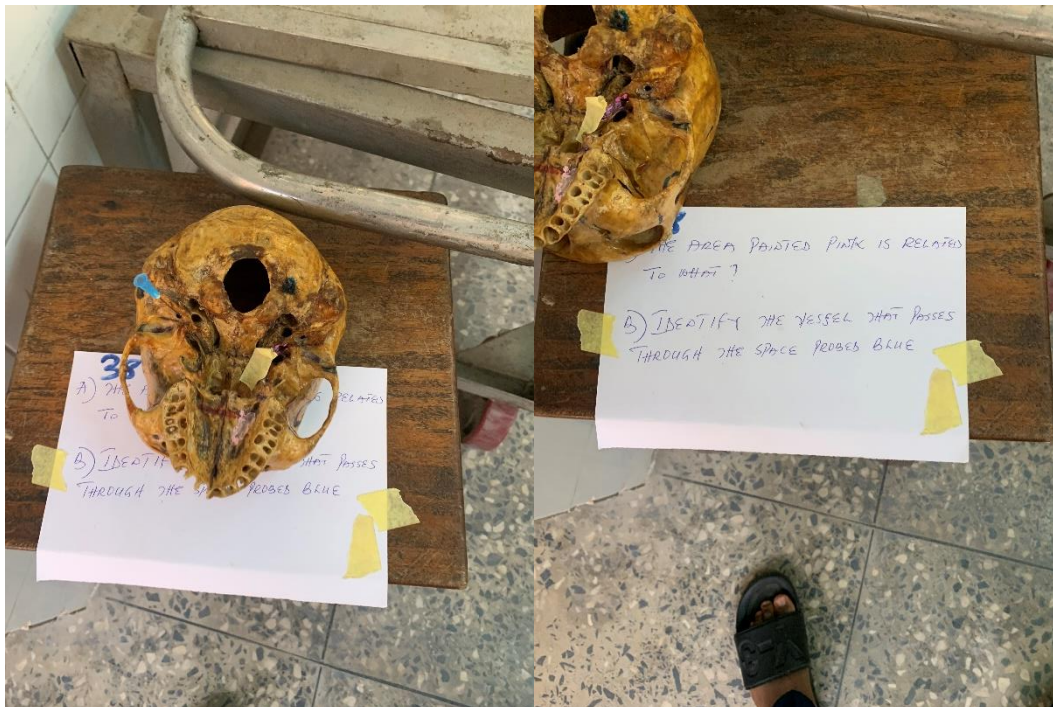

- A. IDENTIFY THE STRUCTURE BEARING THE GREEN PIN (Insula)
- B. IDENTIFY THE STRUCTURE BEARING BLUE PIN (Optic radiation)

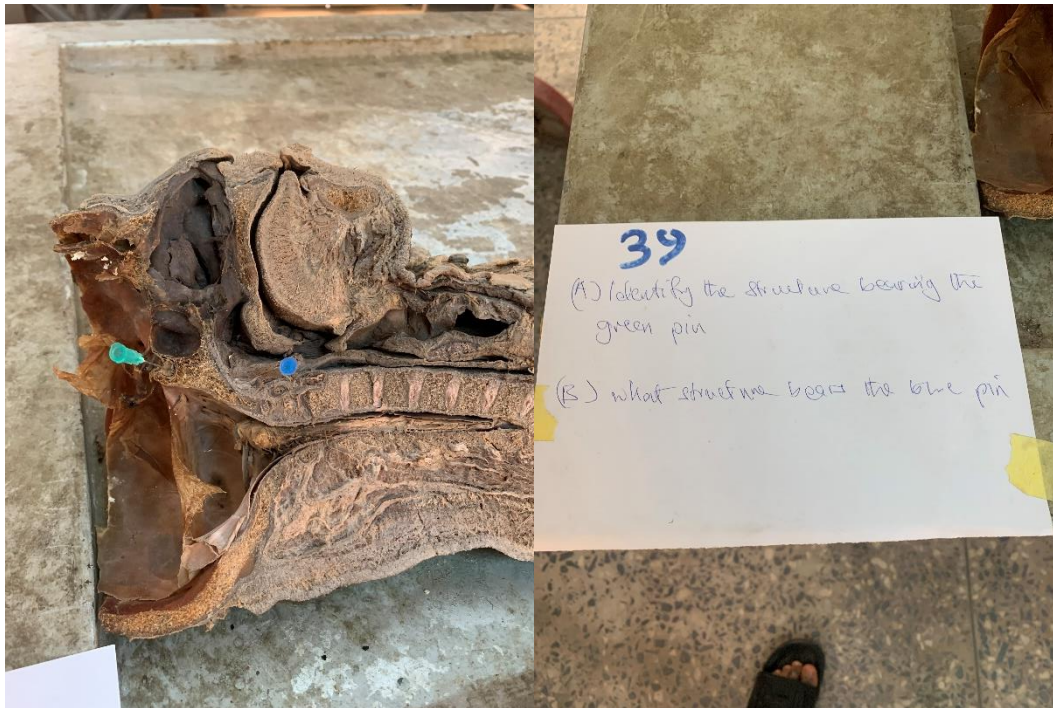

A. IDENTIFY THE STRUCTURES(S)
RELATED TO THE LINE PAINTED BLACK (Mylohyoid nerve and vessels)

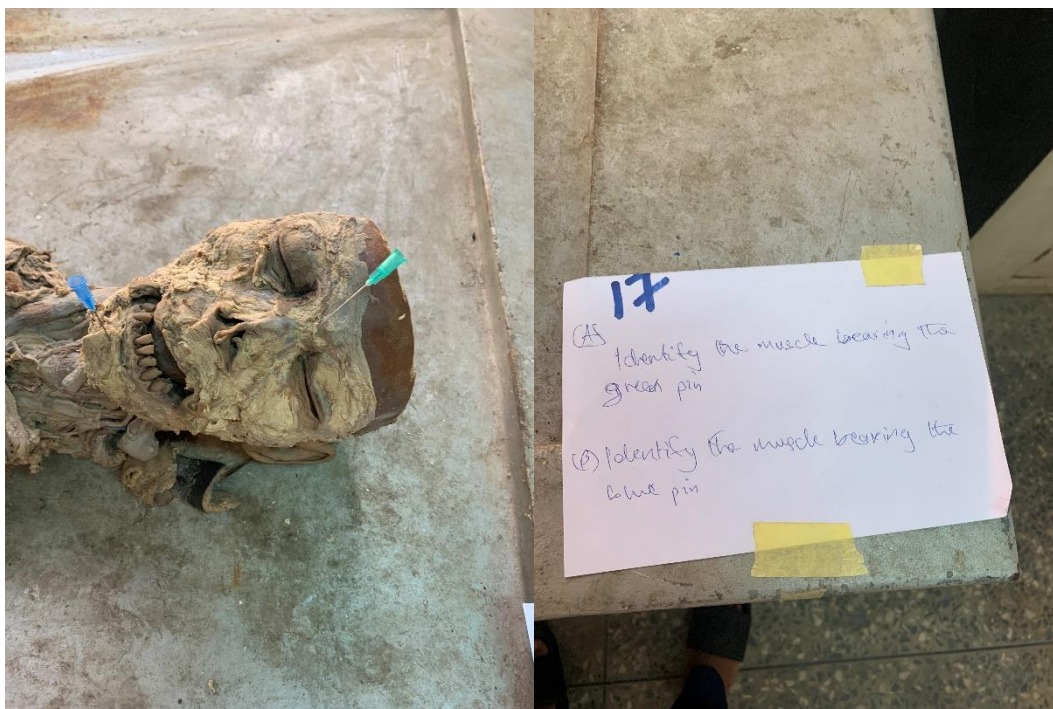

B. WHAT IS ATTACHED TO THE AREA PAINTED PINK (medial pterygoid)

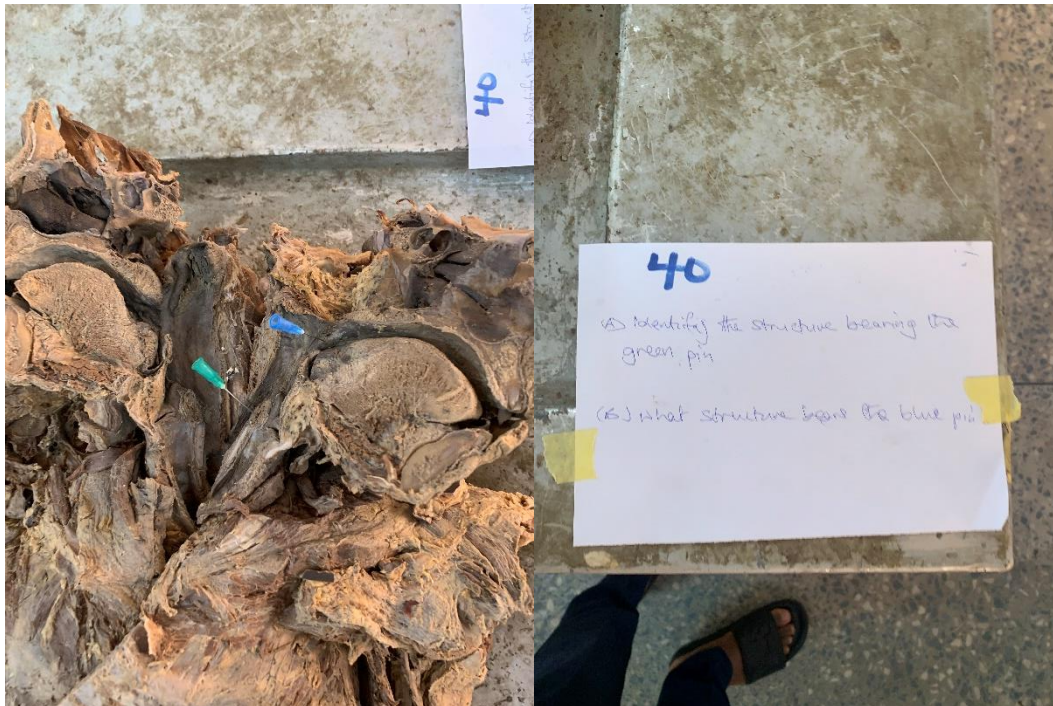

- A. THE AREA PAINTED PINK IS RELATED TO WHAT (Greater palatine nerve and vessels)
B. IDENTIFY THE VESSEL THAT PASSES THROUGH THE SPACE PROBED BLUE
(Styloid branch of posterior auricular nerve)

- A. IDENTIFY THE STRUCTURE BEARING THE GREEN PIN (Hypophysis cerebri)
- B. WHAT STRUCTURE BEARS THE BLUE PIN (Superior constrictor)

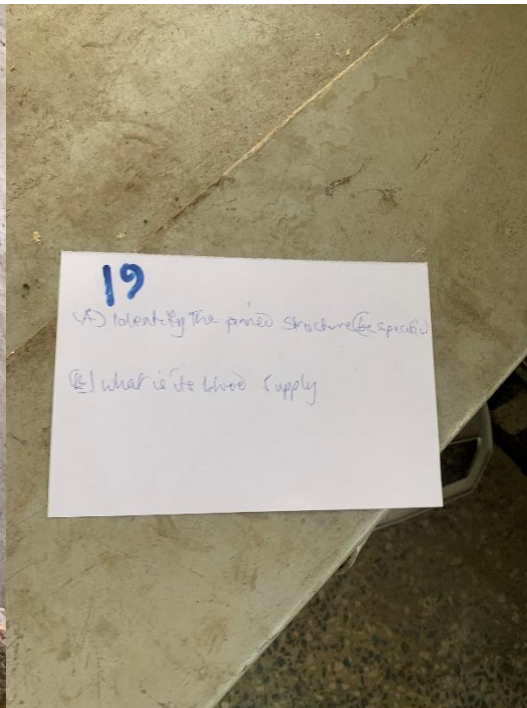

- A. IDENTIFY THE MUSCLE BEARING THE GREEN PIN (Procerus)
- B. IDENTIFY THE MUSCLE BEARING THE BLUE PIN (Mentalis)

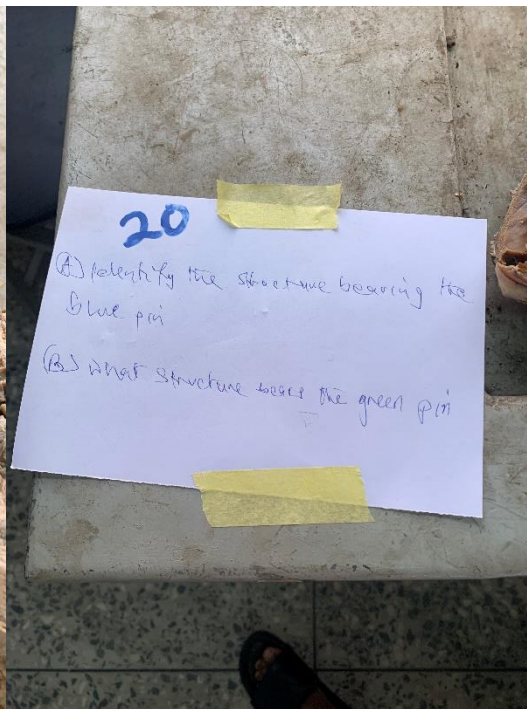

- A. IDENTIFY THE STRUCTURE BEARING THE GREEN PIN (Transverse arytenoid Muscle)
- B. WHAT STRUCTURE BEARS THE BLUE PIN (Pharyngeal Tonsil)

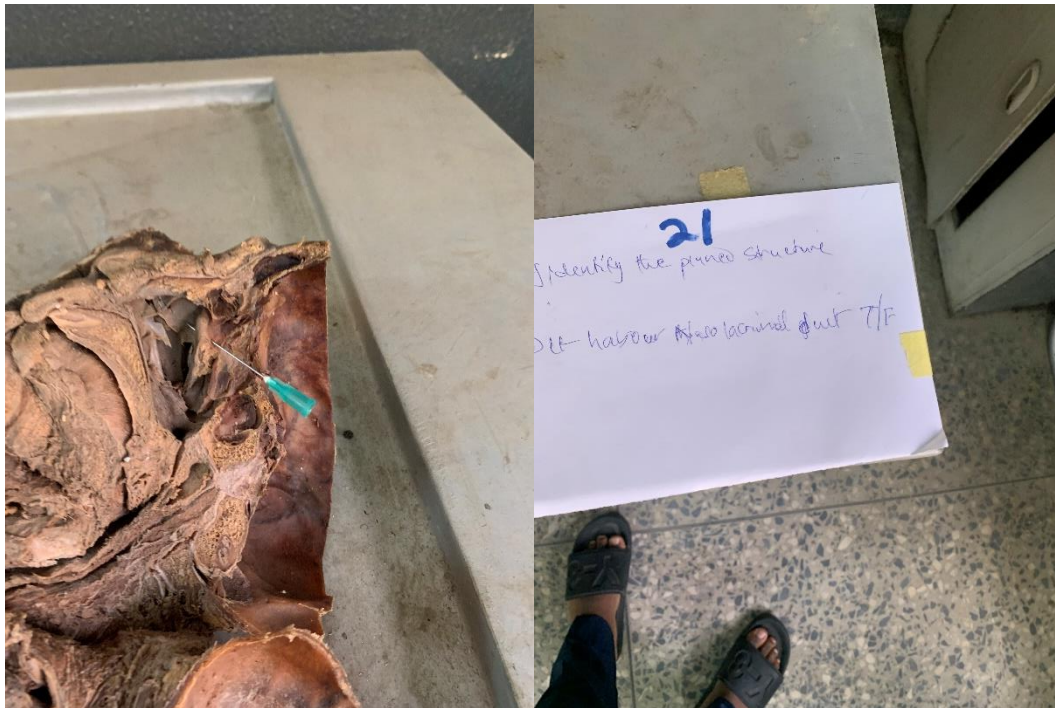

- A. IDENTIFY THE TIED STRCUTURE (Vagus nerve)
- B. WHAT STRUCTUE BEARS THE BLUE PIN (Common carotid artery)

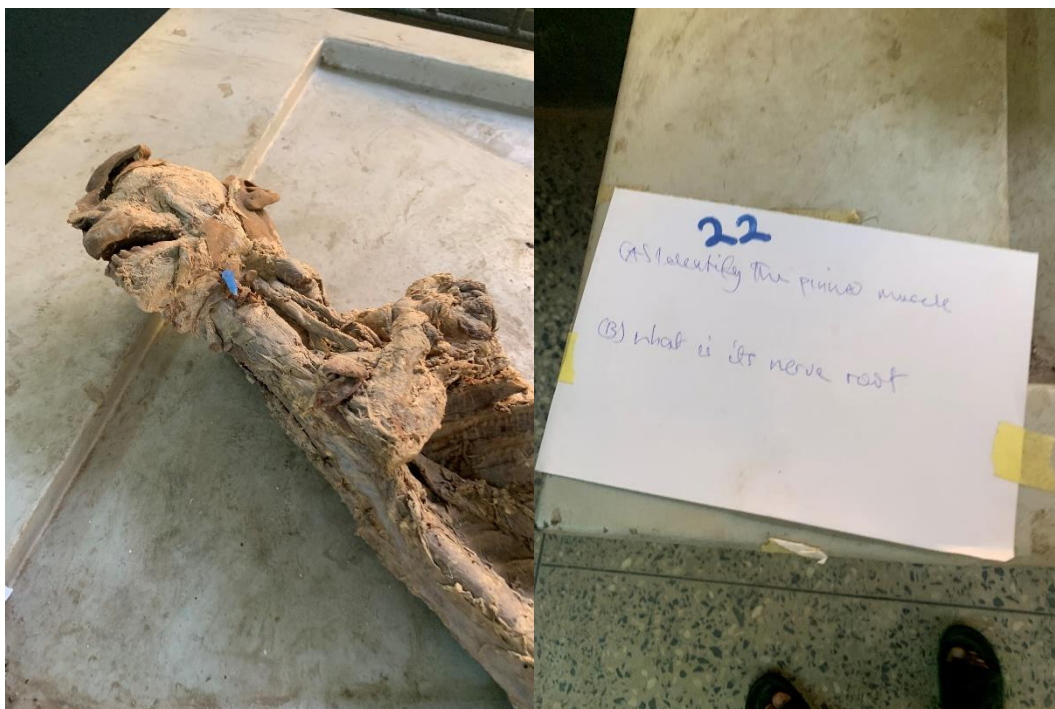

- A. IDENTIFY THE PINNED STRUCTURE (Hard palate)
- B. WHAT IS THE BLOOD SUPPLY (Greater palatine artery)

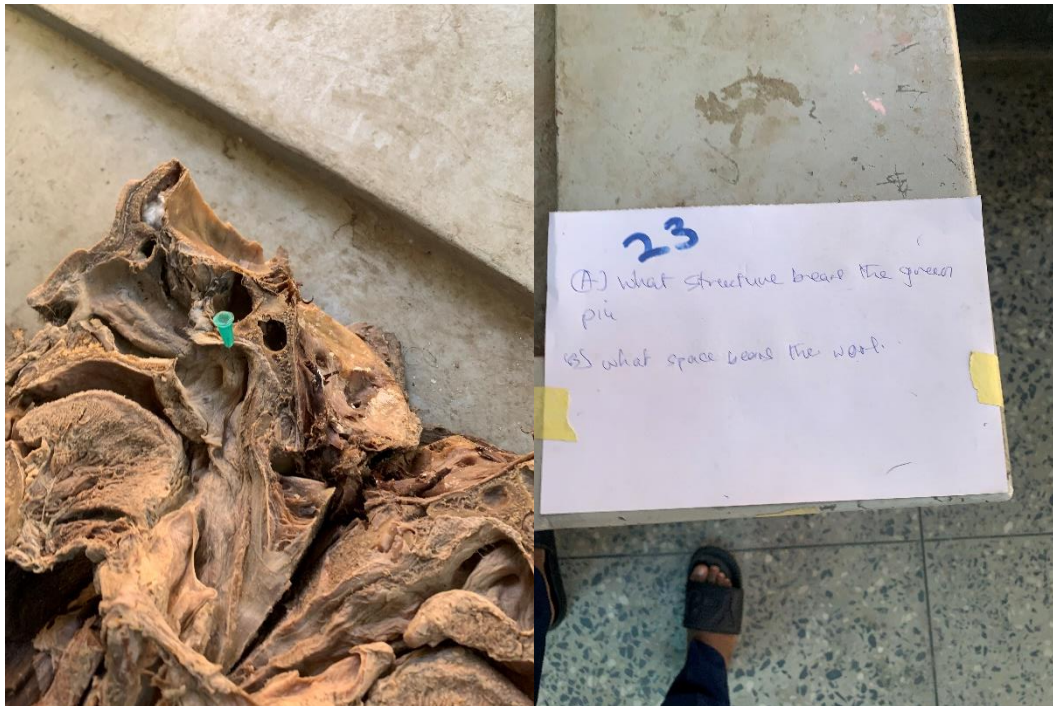

- A. IDENTIFY THE STRUCTURE BEARING THE BLUE PIN (C1 vertebra)
- B. WHAT STRUCTURE BEARS THE GREEN PIN (spinal cord)

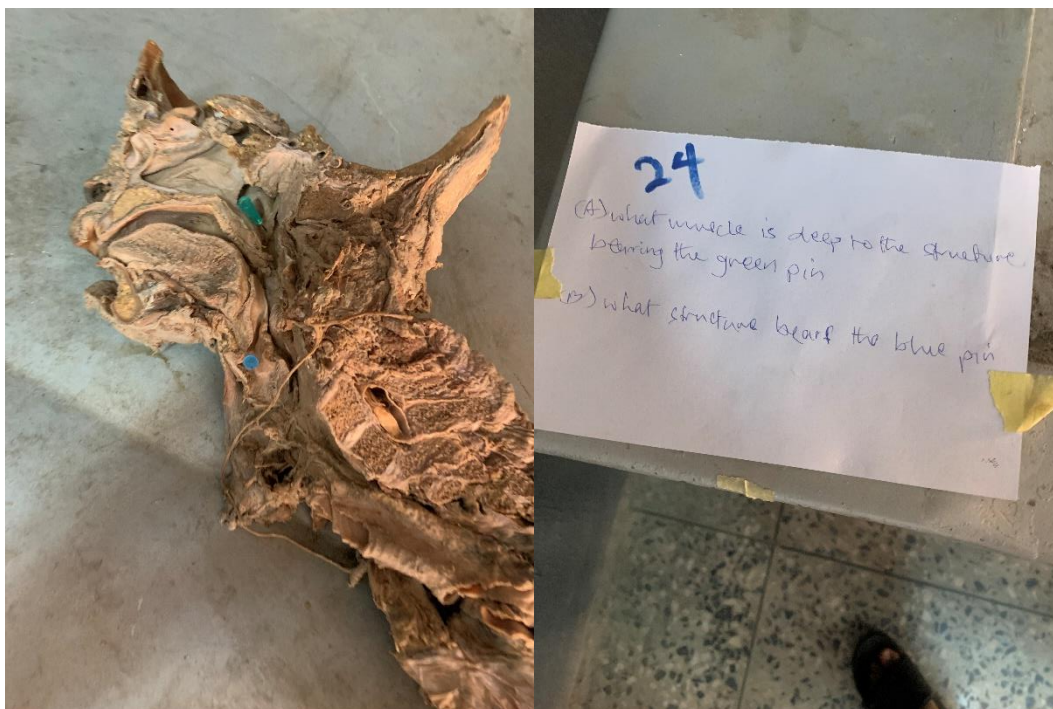

- A. IDENTIFY THE PINNED STRUCTURE (Middle nasal concha)
- B. IT HABORS NASOLACRIMAL DUCT, TRUE/FALSE (False)

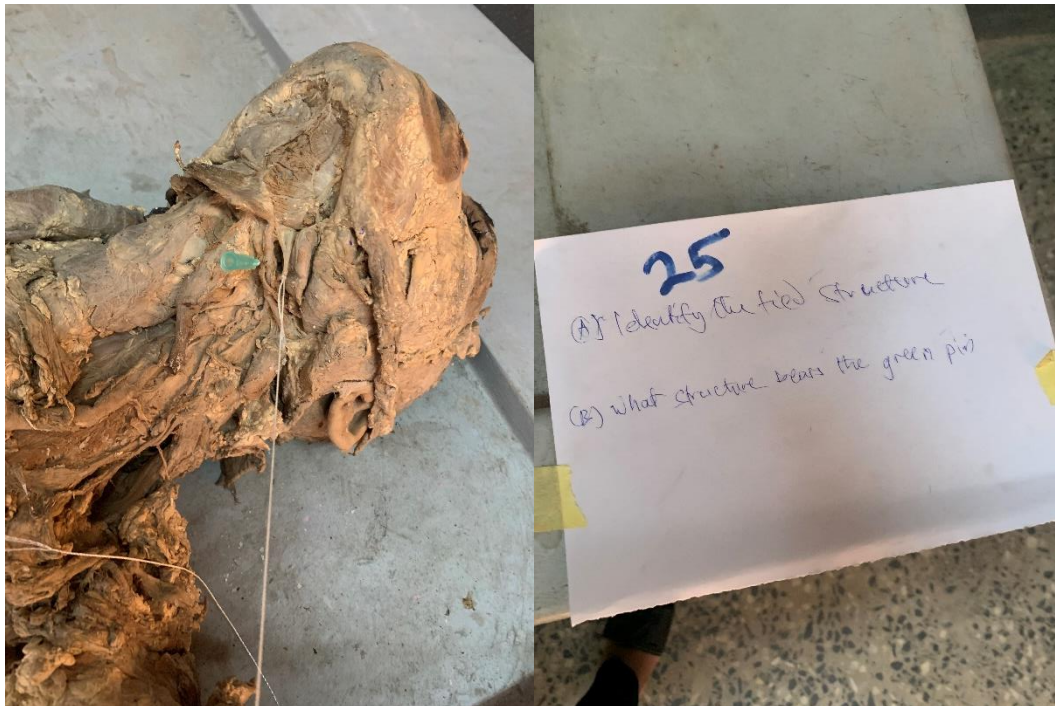

- A. IDENTIFY THE PINNED MUSCLE (Thyrohyoid)
- B. WHAT IS THE NERVE ROOT (C1)

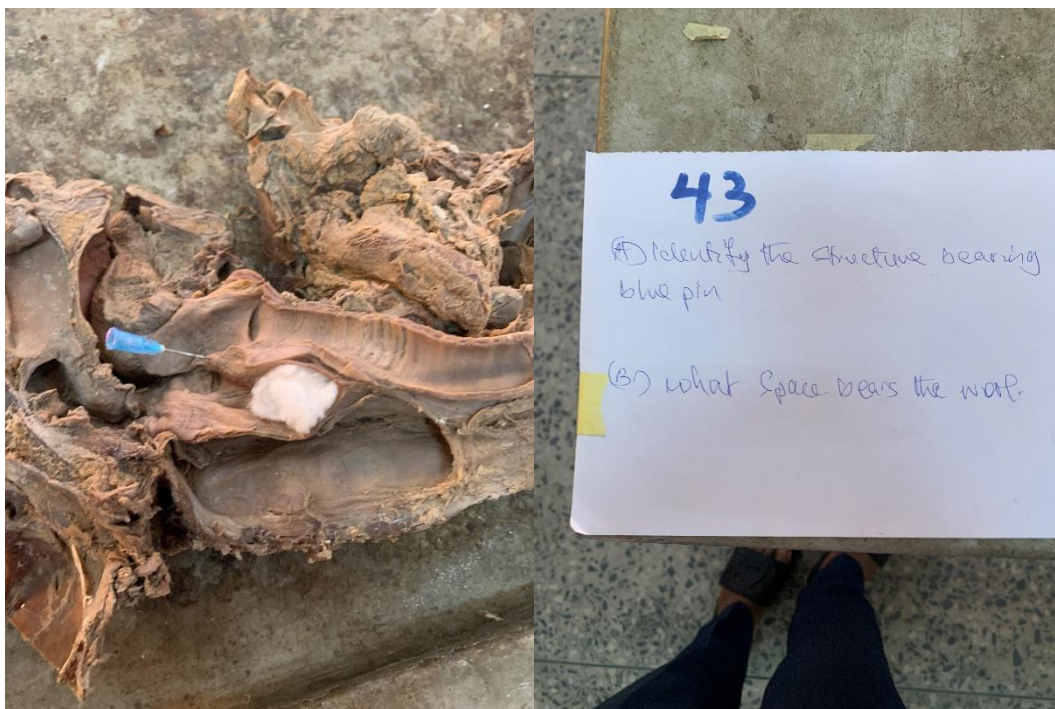

- A. WHAT STRUCTURE BEARS THE GREEN PIN (Torus tubarius)
- B. WHAT SPACE BEARS THE WOOL(Frontal sinus)

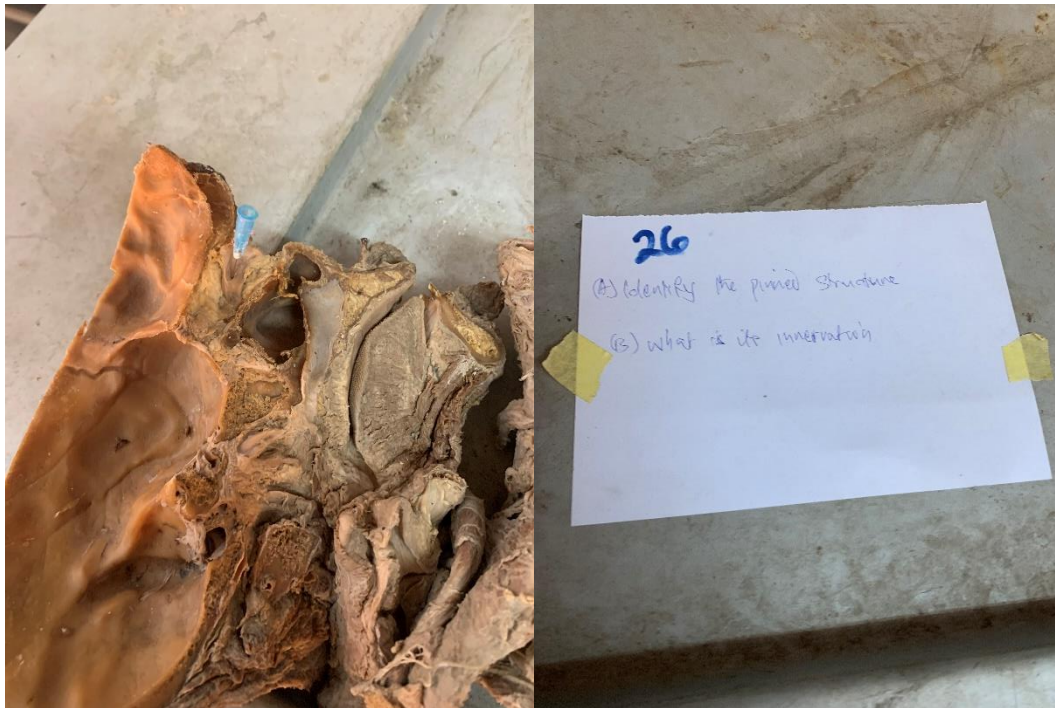

- A. WHAT MUSCLE IS DEEP TO THE STRUCTURE BEARING THE GREEN PIN(Salpingopharyngeus muscle)
- B. WHAT STRUCTURE BEARS THE BLUE PIN (False vocal cord)

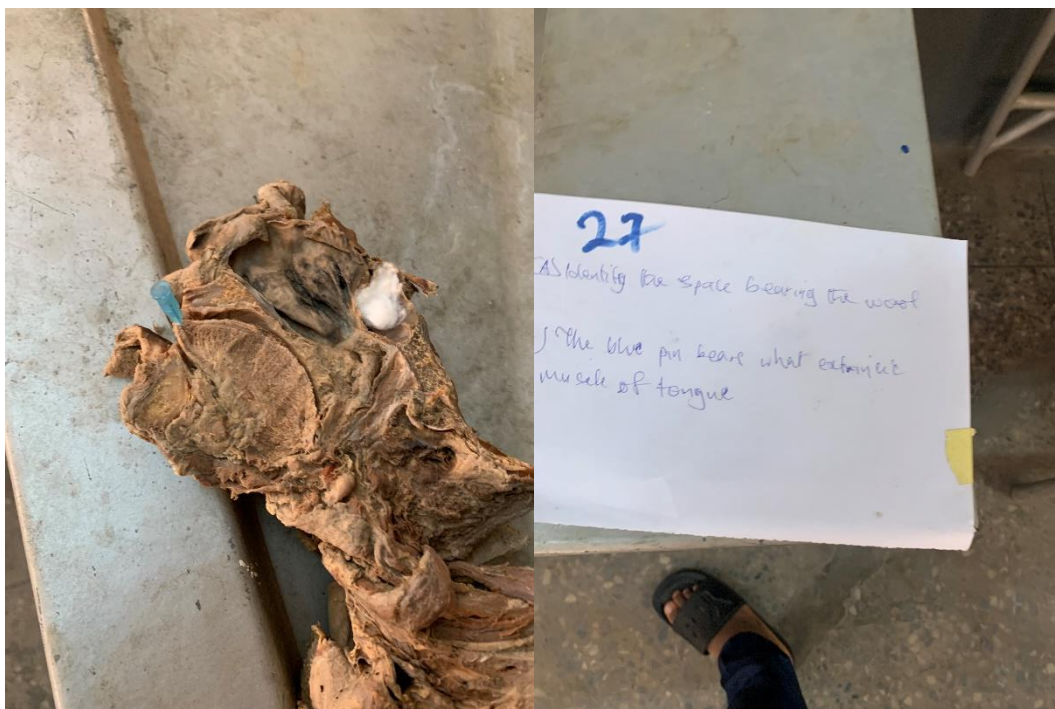

- A. IDENTIFY THE TIED STRUCTURE (Hypoglossal nerve)
- B. WHAT STRUCTURE BEARS THE GREEN PIN (Digastric tendon)

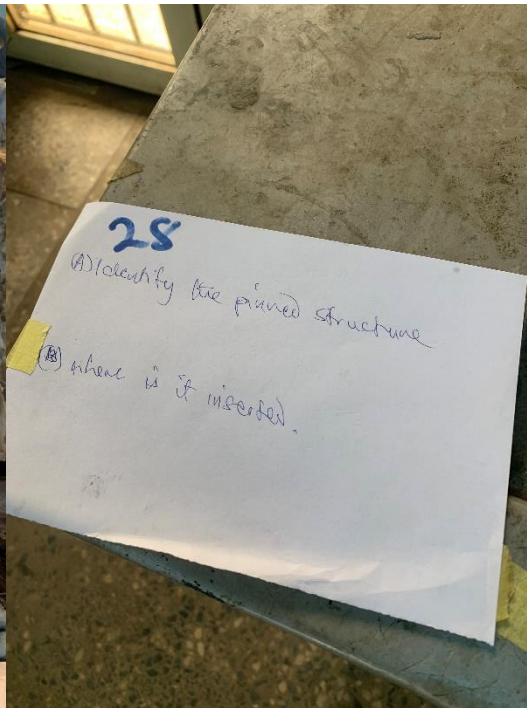

- A. IDENTIFY THE STRUCTURE BEARING THE BLUE PIN (Arytenoid cartilage)
- B. WHAT SPACE BEARS THE WOOL (Esophagus)

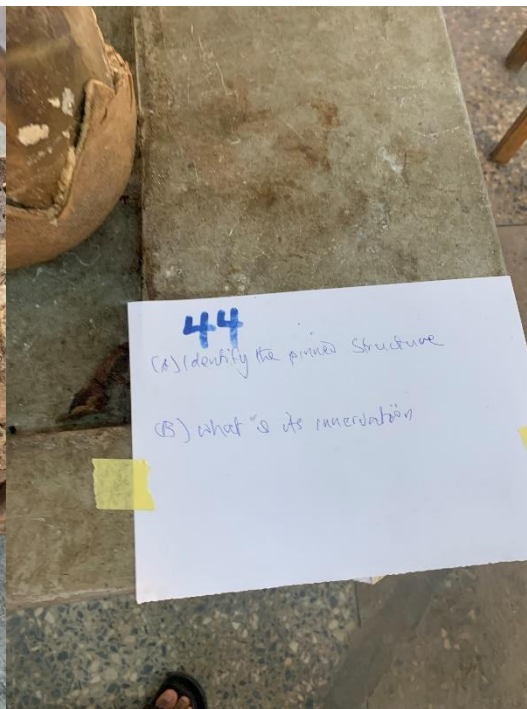

- A. IDENTIFY THE PINNED STRUCTURE (Medial rectus)
- B. WHAT IS ITS INNERVATION (Oculomotor nerve)

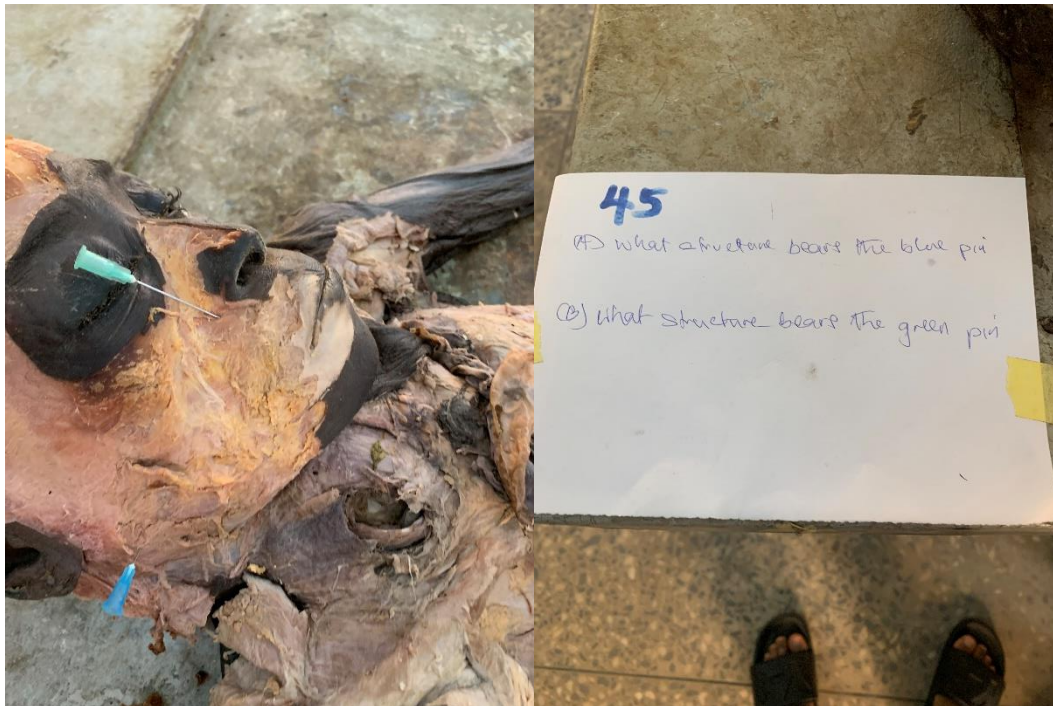

- A. IDENTIFY THE SPACE BEARING THE WOOL (Sphenoid air sinus)
- B. THE BLUE PIN BEARS WHAT EXTRINSIC MUSCLE OF TONGUE (Genioglossus)

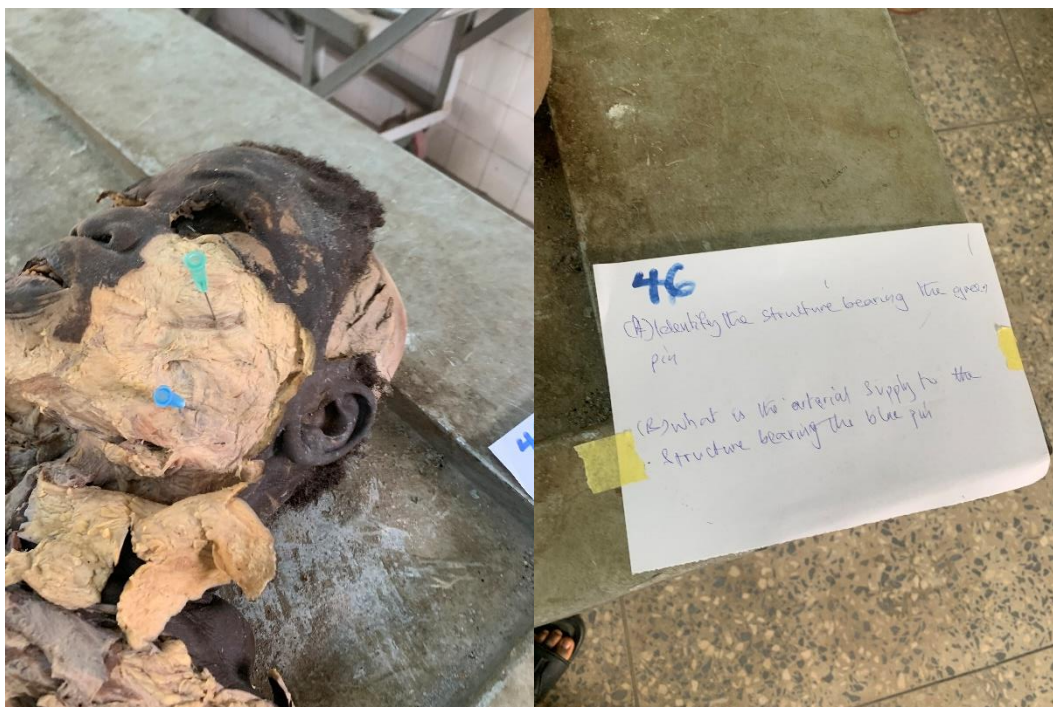

- A. IDENTIFY THE PINNED STRUCTURE (Omohyoid)
- B. WHERE IS IT INSERTED(Superior border of scapula)

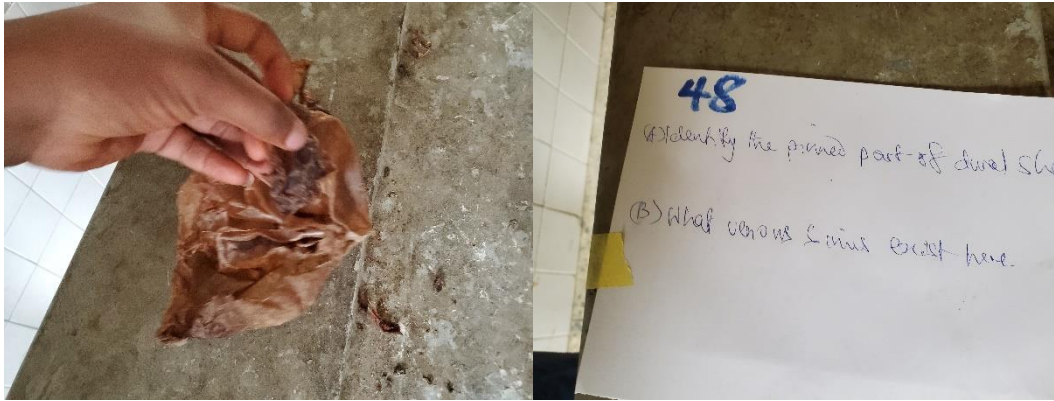

- A. IDENTIFY THE PINNED STRUCTURE (cricothyroid)
- B. WHAT IS ITS INNERVATION (Superior/ external laryngeal)

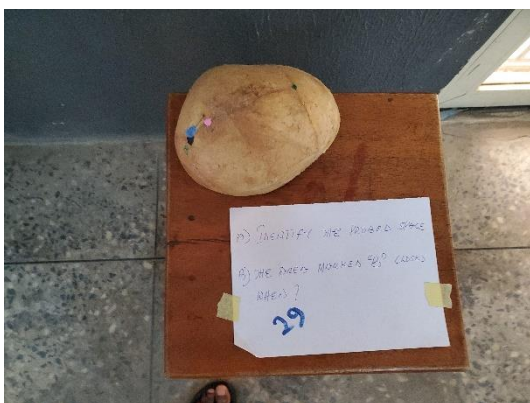

- A. WHAT IS STRUCTURE BEARS THE BLUE PIN (Levator labii superioris alaeque nasi)
- B. WHAT STRUCTURE BEARS GREEN PIN (Parotid gland)

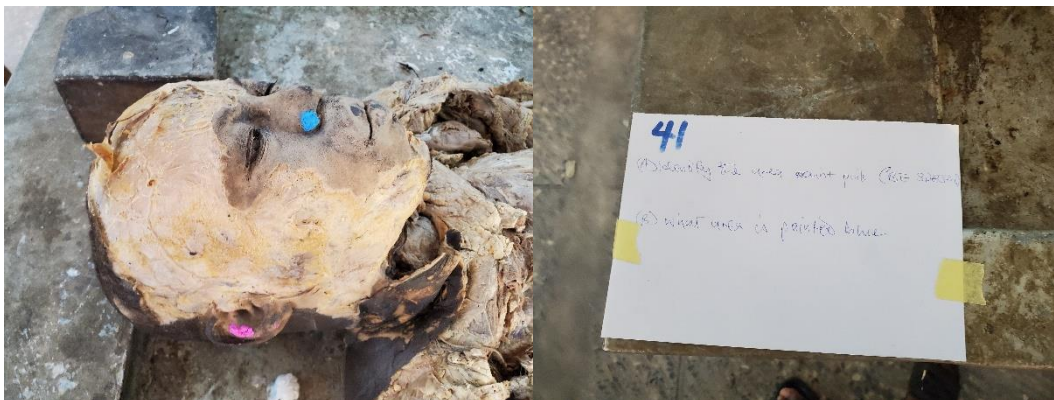

- A. IDENTIFY THE STRUCTURE BEARING THE GREEN PIN (Zygomaticus major)
- B. WHAT IS THE ARTERIAL SUPPLY TO THE STRUCTURE BEARING THE BLUE PIN (Masseteric/maxillary artery)

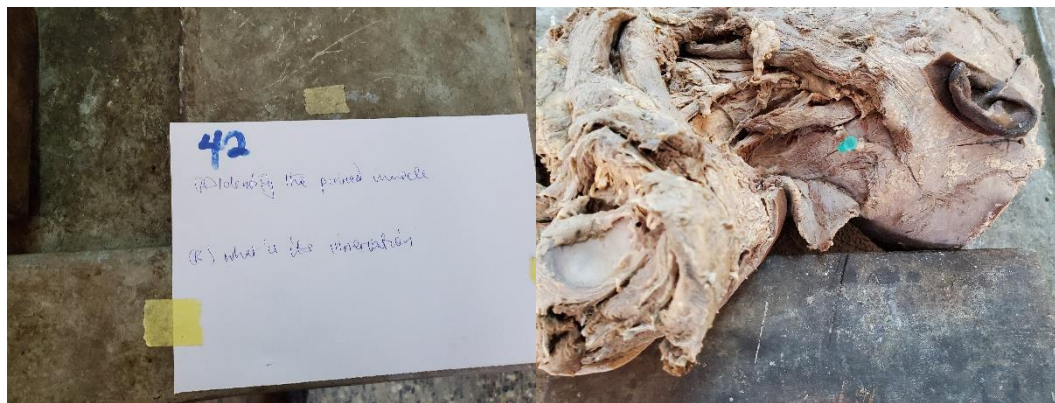

- A. IDENTIFY THE PINNED PART OF DURAL SINOUS (Falx cerebelli)
- B. WHAT VENOUS SINUS EXIST HERE (Straight sinus)

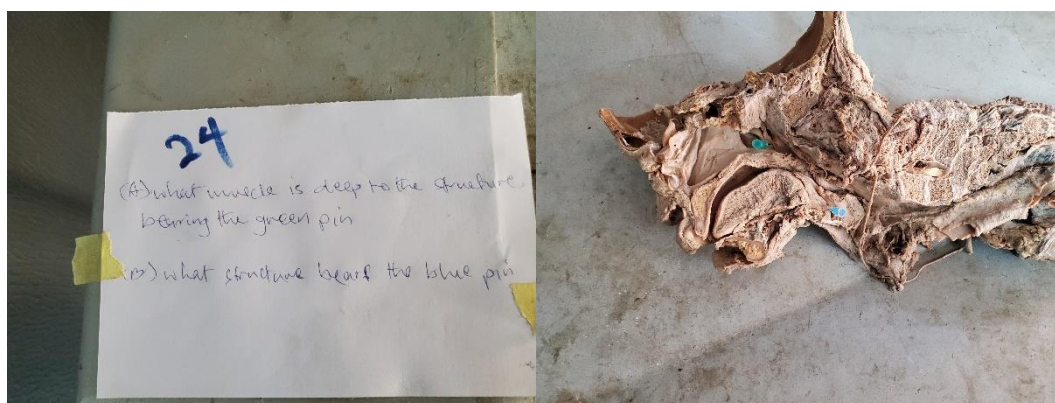

- A. IDENTIFY THE PROBED SPACE (Parietal foramen)
- B. THE ARE MARKED BY CLOSURE WHEN? (2-6 months)

- A. IDENTIFY THE AREA PAINTED PINK (Antihelix)
- B. WHAT AREA IS PAINTED BLUE (Alar of nose)

- A. IDENTIFY THE PINNED MUSCLE (Splenius capitis)
- B. WHAT IS ITS INNERVATION (CN XII – ACCESSORY SPINAL NERVE)

- A. WHAT MUSCLE IS DEEP TO THE STRUCTURE BEARING GREEN PIN (Salpingopharyngeus)
- B. WHAT STRUCTURE BEARS THE BLUE PIN (Vestibular fold)

COMPILED AND ANSWERED BY Deji & Michael.
